

Peanut Butter Cookies

1 cup sugar
 $\frac{3}{4}$ cup peanut butter
1 egg
1 tsp. Cookie Nip

Preheat the oven to 350 degrees.

Stir the ingredients together until smooth. Roll into 1 inch balls with your hands if you don't have a cookie scoop.

Using a fork, press the balls flat vertically (up and down) and horizontally (back and forth).

Bake for 12 minutes. Let cookies cool for 1-2 minutes before removing from the tray. Store in an airtight container.

Homework:

Make these cookies for your family. Post your picture with your cookies on the Cookie School page.

Extra Credit: Fun with Measurements

Don't be lame and look the answers up. Measure them out with water and measuring cups!

How many tablespoons are in a cup? Name something you measure in tablespoons.

How many cups are in a pint? Name something you buy in pints.

How many pints are in a quart? Name something you buy in quarts.

How many quarts are in a gallon? Name something you buy in gallons.

Take a picture with your answers and post them on The Cookie School Page!
