

Elf Doughnuts

Small and sweet and perfectly snackable

4 cups Cheerios

4 tablespoons butter

1 teaspoon Cookie Nip

1/4 cup sugar

1 teaspoon ground cinnamon

In a frying pan, melt butter and Cookie Nip together on medium high heat. Add Cheerios and stir until toasted (about 3 minutes). Mix the cinnamon and sugar together and pour over the warm Cheerios. Toss until completely coated. You want to continue to stir the mix until the sugar has dissolved so your snack will be crunchy. Make sure you are using low heat and watch for a little puff of smoke. That is when the sugar reaches its melting point. Be careful not to burn your snack! Pour onto a cookie sheet to cool. Store in a Ziploc bag.

If you are all kinds of extra, you can turn this recipe into a super snack by adding mini chocolate chips, toasted pecans, m&m's or pretzels. It's your snack! Add what you like!

Cookie Nip is available at If It's Paper, cookienip.com or on Amazon
