

Deluxe Rice Krispie Treats

Make it the old fashioned way and then add what YOU LIKE!

5 ½ cups miniature marshmallows

3 tablespoons butter

1 teaspoon Cookie Nip

6 cups Rice Krispies

On low heat, melt the butter and the marshmallows together. Stir in the Rice Krispies until fully coated. Now the fun part. Add what you like! Here are some suggestions. Add m&m's, chocolate chips, Nerds candies, sprinkles, toffee bits or frost them with peanut butter or buttercream! Every time you make them, try something different. Press into a pan and cut into squares OR have fun by sculpting them into shapes. If you put butter or Crisco on your hands the mixture won't be so sticky. Have fun!
